Principal's Message

THE GOOD AND THE BAD

The good always seems to happen when
you least expect it. I never thought
that the old proverb, "God is blind"
was true. I never thought that I would
be able to see the world as it is.

There have been many good things in life,
and many bad things. I have seen
many good things and many bad things.
I have seen the good and the bad
and I have seen the good and the bad.

I have seen the good and the bad
and I have seen the good and the bad.
I have seen the good and the bad
and I have seen the good and the bad.

I have seen the good and the bad
and I have seen the good and the bad.
I have seen the good and the bad
and I have seen the good and the bad.
